Patience Please.....Now!

Patience can be defined as: "The best things take time". We all know how patience is hard for those of us who presume we can quickly fix anything. Sometimes a 'quick fix' is not at our fingertips. Even at times like these, we pray for patience, **NOW** or at least by the end of the week. This is why cultivating patience is a life-long process.

Olive tree farmers know an olive tree will bear fruit in its 5th or 6th year. They also know a tree doesn't reach maximum yield until it is 30 or 40 years old. There is a traditional prayer offered by olive growers when they plant an olive tree: "*God protect it and make it grow so my children's grandchildren will benefit from its abundance.*" They know the best things take time.

Our Unstuck Teams are working hard at rolling out plans that support our vision that will guide us for the next five years. Patience is particularly hard when planning for the long game. The key to patience is learning to be present in the current moment while we wait for the 'not yet' moment. What good is planning for the coming days, weeks, months, and years if we miss what is presently happening? So, I want to encourage each of us to treasure all the good that is happening among as we travel together toward our tomorrows.

The Visioning Teams will be sharing these future plans in the weeks to come. A church wide mailing is being prepared. It will provide a great deal of background and detail. I ask you to receive their ideas kindly, pray over them fervently, and share honest feedback both formally and informally.

Also, monitor any anxious feelings that arise about tomorrow's plans, so we don't miss a single moment Spirit's present work among us. Let's help each other grow in patience, while we do the work of God on this day and beyond. Let us plan, be patient, and eventually prosper.

From a fellow patience learning pilgrim,

Russell+

From birth I have relied on you; you brought
me forth from my mother's womb. I will ever
praise you.

The First Step

John D. Bown

Simon Peter had spent the entire night fishing with no results when Jesus approached him and told him to get back into his boat and put his nets out in deep water. Fishing was Peter's job, and he had just had a bad night at work. He was probably tired and frustrated, and now here comes somebody who's not even a fisherman telling him how to fish — on the very waters where he had just spent the whole night without catching anything. Peter could have ignored Jesus; he could have shouted an angry response; he could have come up with a dozen reasons to say no. But instead he did what Jesus asked him to do.

Peter not only ended up with a net full of fish, but he took his first step toward a life of incredible faith, a life where he began to fish for people. When we receive an opportunity to serve the Lord, sometimes it may feel as if the opportunity is beyond our abilities. Or perhaps our first reaction may be that it doesn't make sense for us. But listening for God's direction and then following to serve in faith, even when we initially have doubts, is how we grow as followers of Christ.

In what new way is God calling me to serve?

**MEALS

WHEELS**

Volunteers Needed

Meals on Wheels is looking for more volunteers to help deliver meals.

They deliver on Tuesday, Wednesday and Friday. Each person delivers about 4-5 times in a quarter, or about once or twice a month. Two people go together each time. It takes about 2 hours each time. The delivery route is mostly around the Windermere area in Pflugerville. You would have to commit to a particular day of the week for a quarter. Meals on Wheels has a training video that they want viewed which takes about 30-45 minutes and a background check needs to be done.

If you are interested please contact Mimi Costantino at mimi4jesus1@gmail.com or 512-285-0570
